

DROPSHIPPING
WORLD IS
CHANGING

Dropshipping, what is it?

*Speed up
business*

Sell OUR products
from YOUR
e-store

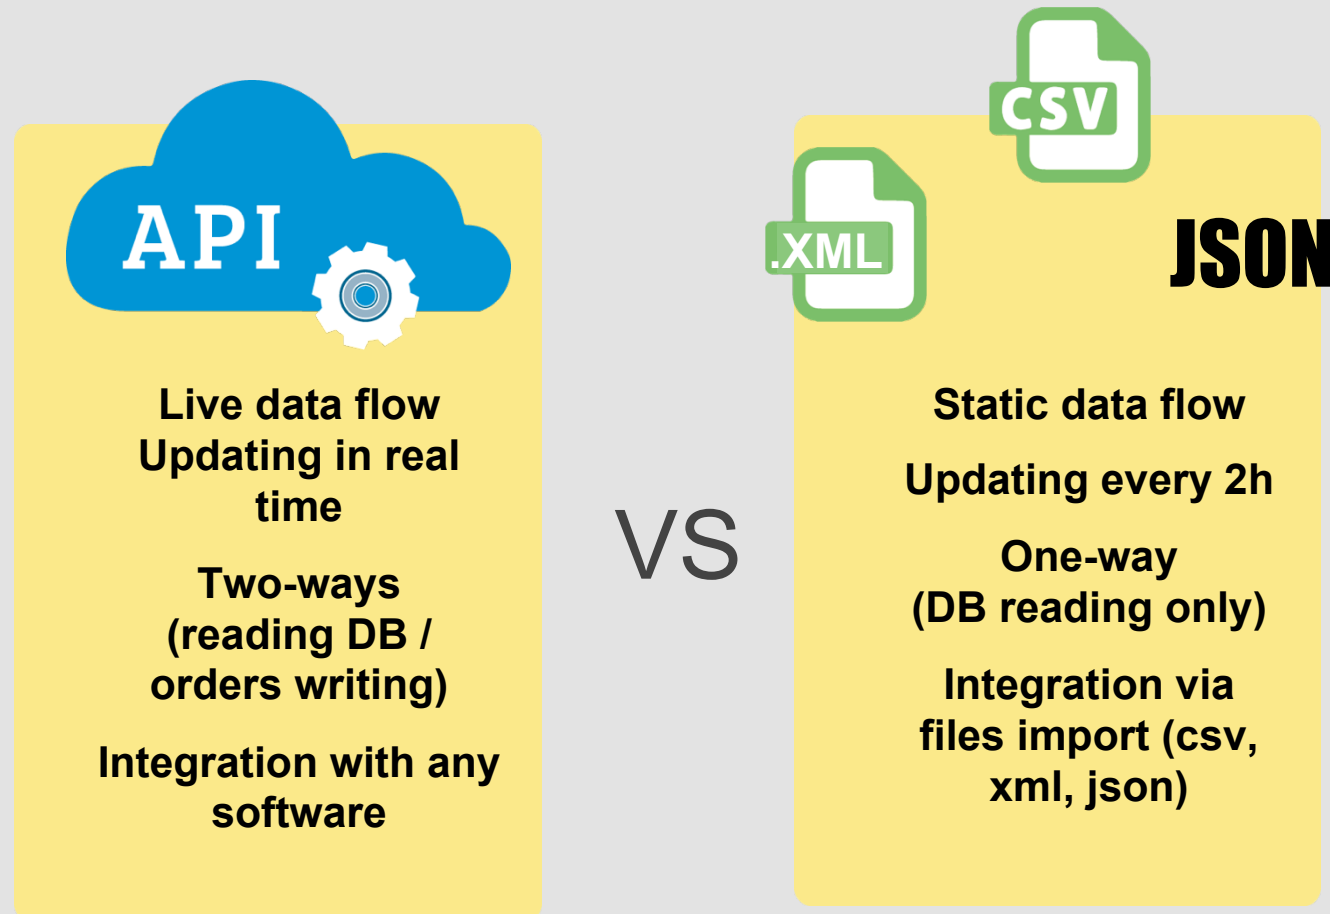

No stock
needed!

WE take care of
YOUR shippings

- 1 Get our data flow (DB of all products in our catalogue)
- 2 Integration: manual/static (CSV/XML/JSON) or automatic/live (API)

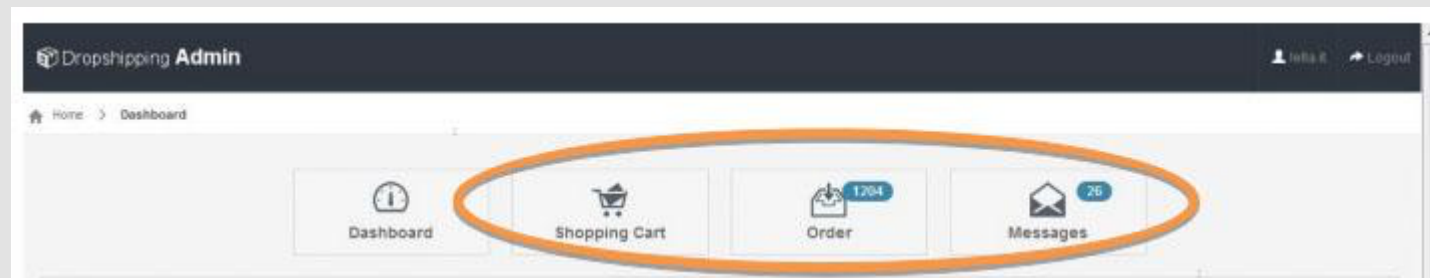

Now our products are in your e-store!

- ✓ Your customer buys an item from you
- ✓ You order it to us
- ✓ We ship it to him

How to send us your orders

Use our dropshipping web-based software to pass your orders:

Easy and quick orders management

Keep in touch with logistics and check your orders status

Orders managementli ordini

✓ Add a shipping address for each ordered item

53211 - luis&co	50	24891	New	2015-02-26 11:15:36	No ✖	0 - Sig. Mario Neri	AR2056	124.32	✕ Edit

Delivery

- ✓ Handled & packed with care by a professional logistics
- ✓ Delivered in your behalf directly to your final customers
- ✓ Shippings by premier international couriers (DHL, FedEx, UPS)

Handling, packing and...

- ✓ All orders are shipped in white triple carton boxes using protection material

...security sealed!

✓ Heat sealed with transparent film

The last step

- ✓ AWB (Air Way Bill)
- ✓ Export documents
- ✓ Pouch with all papers

Customised services

Customize your parcels!

- ✓ Product assembly: make the item look nicer to final customers by putting product/instructions booklet/warranty all inside its case
- ✓ Fill in and stamp each warranty card
- ✓ Exclusive packaging: use your own company boxes and/or closed them with your tape
- ✓ Add promo cards, brochures or other advertising material
- ✓ Gift wrapping for special occasions

Our logistics can satisfy all your requests!
